Attendance prior to TCN Process	*	533	
Attendance after TCN Process	*	573	
Organic Growth		40	
Percentage Change		7.5%	

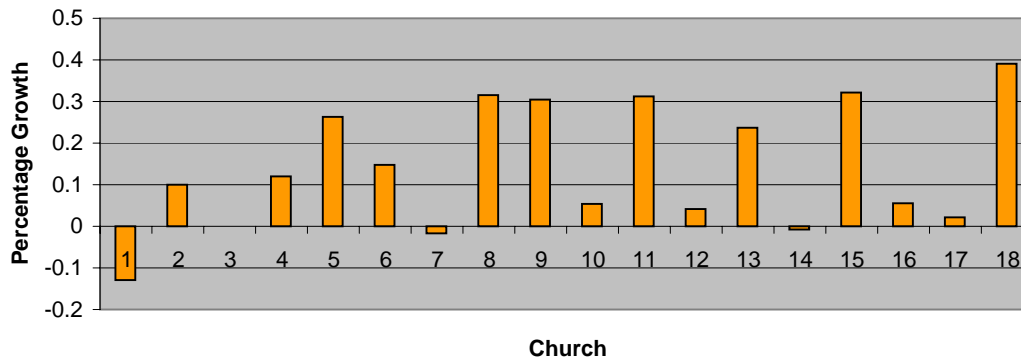

Church Growth, attendance 200+ (4 churches)			
Attendance prior to TCN Process	*	1,135	
Attendance after TCN Process	*	1,247	
Organic Growth		112	
Percentage Change		9.9%	

* Attendance prior to TCN Process is defined as the attendance at the lowest point within six months after consultation. Attendance after TCN Process is the average attendance for all known months after the six month mark. When the TCN process matures we will have more capacity to measure growth issues on a broader time line.
